**Books and Reference Materials  
for IBM Personal Computer Products  
Direct from IBM**

## Software Books

### DOS TECHNICAL REFERENCE

The complete reference for the IBM Personal Computer Disk Operating System. This book is for experienced DOS users, system programmers, and application developers. Included is information about the structure, facilities, and program interfaces of DOS.

Chapter titles include Control Blocks, Memory Management, Disk Allocation, Interrupts and Function Calls, and File Structure and Loading. Updated with each revision of DOS, this book also contains a chapter that describes the enhancements made since the last release.

6024213 \$109.00

### BASIC REFERENCE

Information about how to use the BASIC Interpreter for the IBM Personal Computer. This book contains the syntax and semantics of every command, statement, and function in the three versions of BASIC: cassette, disk, and advanced.

In addition to the reference material are chapters on BASIC programming concepts and the BASIC program editor. Additional chapters describe data representation, file names, and input and output features. Updated with each revision of DOS, this book also contains a chapter that describes the enhancements made since the last release.

6361132 \$ 40.00

### TOPVIEW PROGRAMMER'S TOOLKIT

The TopView Programmer's ToolKit provides information intended for programmers who will be developing applications to operate in the TopView environment.

6024133 \$429.00

### GRAPHICS DEVELOPMENT TOOLKIT

The Graphics Development ToolKit is a program development tool that provides graphic primitives and advanced functions needed to create high-quality graphics using a virtual device interface (VDI).

Contains device drivers, a sample program, reference manual, and reference booklets for BASIC, Pascal, Macro Assembler, Fortran, and C.

6024196 \$385.00

## Hardware Books

### GUIDE TO OPERATIONS

The Guide to Operations manuals provide the information needed to install and operate the IBM Personal Computer. Instructions for testing and installing options are also included.

Section titles include Installation, Testing, Moving, and Operating Your IBM Personal Computer. Keyboard templates for DOS users and a diagnostic diskette are also included.

Part Number	Description	Price
6322510	PC Guide to Operations	\$ 50.00
6322511	XT™ Guide to Operations	\$ 50.00
6280066	AT® Guide to Operations	\$ 49.50
1502292	PCjr™ Guide to Operations	\$ 21.25
6936571	Portable PC Guide to Operations	\$ 66.75

**HARDWARE  
MAINTENANCE  
LIBRARY**

The Hardware Maintenance manuals provide the information needed to isolate and repair any field replaceable unit. This information is presented in two libraries, Reference manuals and Service manuals.

The Reference manual serves mainly as a supplement to the service training package and as a general reference manual after service training. The section titles include General Information, Introduction to Diagnostics, and Repair Information.

The Service manual serves as a stand-alone reference to be used by trained service representatives. The information includes switch and jumper settings, maintenance analysis procedures, and a parts catalog. The Advanced Diagnostics diskette is also included.

Part Number	Description	Price
6280088	PC, XT, AT and <i>Portable</i> Reference manual	\$ *
6280087	PC, XT, AT and <i>Portable</i> Service manual	\$ *
1502561	Service manual (Binder Only)	\$ *
1502294	PCjr Hardware Maintenance and Service	\$ 88.00
6322672	PC Network Hardware Maintenance and Service	\$ *
1502383	Color Printer Hardware Maintenance and Service	\$ 23.25
6280079	Graphics and Compact Printer Hardware Maintenance and Service	\$ *

The Color Printer, Graphics and Compact Printer, and PC Network manuals are designed to be used with the system manuals.

**TECHNICAL  
REFERENCE**

The hardware Technical Reference manuals provide reference information intended for hardware and program designers, programmers, engineers, and anyone else who needs to understand the design and operation of the IBM Personal Computer family of products. This information is presented in two libraries, system manuals and options and adapters manuals.

The system manuals provide interface and design information pertaining to the various system units. The section titles include System Board, Coprocessor, Power Supply, Keyboard, System BIOS, Instruction Set, Characters Keystrokes and Colors, and Communications.

The options and adapters manuals provide interface and design information pertaining to the options and adapters that are available for the various system units. This information includes hardware description, programming considerations, interface, specifications, logic diagrams, and BIOS listings (where applicable).

Part Number	Description	Price
6322507	PC system Technical Reference	\$ 30.00
6322508	XT and <i>Portable</i> system Technical Reference	\$ 30.00
6280070	AT system Technical Reference	\$105.00
6322505	PC Network Technical Reference	\$195.00
1502293	PCjr system Technical Reference	\$ 35.00

6322509 Options and Adapters Technical Reference includes: \$125.00

Expansion Unit	5.25 in. Diskette Drive Adapter
Monochrome Display	Fixed Disk Drive Adapter
Color Display	64/256KB Memory Option
Monochrome/Printer Adapter	Slimline Diskette Drive
Color/Graphics Monitor Adapter	Graphics Printer
Color Printer	SDLC Adapter
Compact Printer	Cluster Adapter
Printer Adapter	Game Control Adapter
5.25 in. Diskette Drive	10MB Fixed Disk Drive
Asynchronous Communications Adapter	Bisynchronous Communications Adapter

Options and Adapters Technical Reference Updates

6182676	Enhanced Graphics Adapter - includes: Enhanced Graphics Display Graphics Memory Expansion Card	\$ *
6322522	Engineering/Scientific - includes: Data Acquisition and Control Adapter (DAC) DAC Distribution Panel Professional Graphics Controller Professional Graphics Display General Purpose Interface Bus Adapter Volume 3 Binder	\$ *
6138567	Personal Computer AT - includes: Serial/Parallel Adapter Fixed Disk and Diskette Drive Adapter High Capacity Diskette Drive Double Sided Diskette Drive 20MB Fixed Disk Drive 128KB Memory Expansion Option 512KB Memory Expansion Option	\$ *
6138027	256KB Memory Expansion - includes: Type 3 Diskette Drive	\$ *
6138321	Cluster Adapter	\$ *
6280051	30MB Fixed Disk Drive	\$ *
55X8864	Voice Communications Adapter	\$ *

An \* in the price column indicates that the price was not available at the time of printing. These prices are available by calling 1-800-IBM-PCTB (1-800-426-7282).

All of the publications listed can be obtained by contacting your Authorized IBM Personal Computer Dealer, an IBM Product Center, or your IBM Sales Representative.

They may also be obtained by calling toll-free 1-800-IBM-PCTB (1-800-426-7282), Monday through Friday, from 8:00 a.m. to 8:00 p.m. Eastern Time. When ordering by telephone, you must use either VISA®, MasterCard®, or AMERICAN EXPRESS® credit cards. Checks, money orders, cash, purchase orders, or C.O.Ds will not be accepted. It is helpful to have the part numbers, quantities, and credit card information available when you call.

You may also call and request additional copies of the Technical Directory or check the availability of IBM Personal Computer technical information that may not be listed.

Mail in orders will be accepted, you must include the name, part number, quantity, and total price of the manuals you have selected. Enclose with the order your check, money order, or credit card information. We accept VISA®, MasterCard®, or AMERICAN EXPRESS® credit cards. Make your check or money order payable to IBM Corporation. We cannot accept cash, C.O.Ds, or purchase orders. Please add your applicable state and local sales/use tax plus \$5.00 for postage and handling. Then mail to:

IBM Technical Directory  
P.O. BOX 2009  
Racine, WI. 53404

Please allow 2-4 weeks for delivery.

Prices are subject to change without notice.
